Superintendent's Report

To the Superintending School Committee and the
Citizens of the Clarksville School District:

General

In this hour of great world crisis when the rights of free men everywhere are threatened with destruction, it is mandatory that we pronounce in a positive and unmistakable manner our belief in the American Way of Life. We must not let anyone forget that liberty involves and requires the highest degree of individual and group responsibility and sacrifice. We must bend our every effort to wipe out greed, bigotry, biased opinion, ignorance, intolerance and all the other evils that beset our democracy.

We have faith in the youth of America. With the proper training in the home, the church and the school the vast majority of our youth will not become cynical and indifferent.

It is time for criticism to be changed to commendation, for distrust to give way to confidence and for doubt to yield to understanding to the end that all generations of Americans may dedicate their united efforts to the preservation of our liberty and freedom.

Enrollment and Attendance

The enrollment now is 38 as compared with 48 in the last year's report. This decline is probably due to the moving away of some on account of the dam. The percentage of attendance in both rooms was somewhat improved over last year. The primary room had a very commendable record of over 97%. There were 53 cases of tardinesses during the school year. Reference to the register indicates that Pearl Beauchemin and Floyd Shatney were not absent or tardy during the entire school year. This is the second consecutive year for Pearl Beauchemin.

Music

The work in music, for the Clarksville and Pittsburg schools, is being carried on this year by Marjorie Fitts.

In the elementary grades the music period includes: singing, music appreciation, rythmn band, elementary syllable reading, ear training and rythmn clapping. The 16 elementary children are progressing on their flutes and seem to be gaining in the skill of reading notes and transferring them to the actual fingering on the instruments.

Music in the upper grades consists of the same phases as mentioned above except on a much higher level. In the orchestra we have two violins, five guitars, a trumpet, a trombone, a drum and piano. Regular practices have been held each week. The members are striving for more skill in reading music so that they may derive greater satisfaction and enjoyment from participating in the orchestra.

Notes on the Budget

The school board's budget for 1941-42 totals \$6,560.00 as compared with \$4,649.00 for last year which was increased by special appropriation to \$4,899.00. The estimated income from State Aid is \$964.84. Approval of the budget as submitted would, therefore, require that \$5,595.16 be raised by taxation.

By referring to the budget you will note that transportation this year has cost us approximately \$1000.00 more than the preceding year and that the proposed budget contains \$500.00 additional for high school tuition. These two items alone make up practically the entire difference in the budget.

Health

The health records reveal that a great improvement has been made in the care of the physical de-

fects. There are still some that need special attention and should not be neglected.

Each year the State Department of Child Welfare sponsors a free clinic in Pittsburg for the purpose of examination and giving advice in nutrition and physical defects of babies. It is urged that the parents attend these clinics and give their children the benefit of a thorough examination and receive helpful advice if needed. The discovery and treatment of defects in pre-school children may prevent serious complications later.

The statistical report given below summarizes the work of Ethel Sturgis, the school nurse, for the past year.

Individual inspections—292		
Home Calls—11		
Treatments at school—30		
Physical defects—37	Corrections	14
Teeth—16		5
Tonsils—4		0
Vision—8		6
Hearing—3		0
Malnutrition—3	Improved	
Skin diseases—3		3
Vaccinations—5		5

Teachers

The teachers this year are: Grammar Room, Ruth Robie and Primary Room, Ruth Weeks. The only change this year was made in that of music supervisor. Marjorie Fitts, a graduate of Oberlin Conservatory was selected to fill that vacancy and is doing supervisory work in the towns of Clarks-ville and Pittsburg.

Buildings and Equipment

The school building is in very good condition. During the summer the old double seats were removed and new desks were installed in both rooms. This

was made possible by a special appropriation at the last March meeting.

The celotex in the two rooms was strapped with wooden straps, new coat hooks were added, shelves were provided for the lunch boxes, the top of the chimney was re-laid, the boys' toilet room was renovated and both class rooms were painted below the rail.

I wish that it might be possible in the near future to redecorate both basements and to provide additional equipment for the play ground.

Conclusion

It is the purpose of the school to do everything possible to help train our boys and girls to become active reliable self-supporting citizens in a democracy.

I wish to take this opportunity to express my appreciation to the members of the school board, parents, teachers and friends for the interest they have shown in the schools and for their loyal cooperation during the past year.

Respectfully submitted,

ALBERT P. KNIGHTLY,

Superintendent of Schools
